## MODEL – WARP/REG/65,72

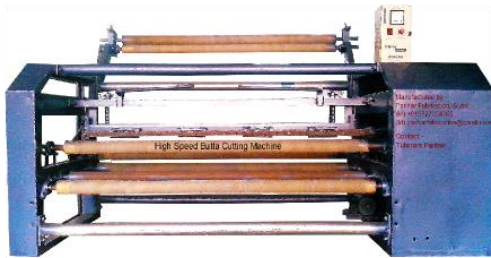

*High speed  
Butta cutting machine*

### Specification –

1. Width of fabric 60, 72Inches.
2. Motor capacity 0.5HP AC for rotary roll with 4 speed manual belt change.
3. Motor capacity 0.5HP AC for Cutter with 3 Speed manual belt change system.
4. Box type cutter for smooth operations.
5. Warranty – 3 Month from manufacturing.

## MODEL – WARP/DC/65,72

*High speed  
Butta cutting machine*

### Specification –

1. Width of fabric 60, 72 Inches.
2. Motor capacity 0.5HP DC for rotary roll with speed controller electric.
3. Motor capacity 0.5HP AC for Cutter.
4. Box type cutter for smooth operations.
5. Warranty – 3 Month from manufacturing.

## MODEL – WARP/AC/65,72

### Specification –

1. Width of fabric 60, 72 Inches.
2. Motor capacity 0.5HP AC for rotary roll with speed controller electric with dedicated Panel Board.
3. Motor capacity 0.5HP AC for Cutter.
4. Box type cutter for smooth operations.
5. Warranty – 3 Month from manufacturing.

## MODEL – WEFT/DC/65,72

### Weft Butta Cutting machine

*High speed and precise cutting*

Air type up and down system

stainless steel hook system

### Specification

1. Width of fabric operated 60inches and 72inches.
2. Motor – DC/0.5/4POLE with all speed controller for rotary roll.
3. Motor – DC/0.5/4POLE with all speed controller for cutter also.
4. Stainless steel hook – 100 pairs.
5. Hook Supporter – 100pcs.
6. Blade – 200pcs, 24N.

## MODEL – WEFT/AC/65,72

### Weft Butta Cutting machine

*High speed and precise cutting*

Air type up and down system

stainless steel hook system

### Specification

1. Width of fabric operated 60inches and 72inches.
2. Motor – AC/0.5/4POLE with all speed controller for rotary roll. (Inverter)
3. Motor – AC/0.5/4POLE with all speed controller for cutter also. (Inverter)
4. Stainless steel hook – 100 pairs.
5. Hook Supporter – 100pcs.
6. Blade – 200pcs, 24N.
